

# Tea and tributes for dedicated volunteers

THE Young Love Foundation conducts mentoring programs in high schools and for teenage mums, as well as workshops for parents of teenagers.

The foundation, which has been running for a year, took the opportunity during

National Youth Mentoring Week to thank its volunteers with a morning tea at Boronia House at Mosman.

Director Vicki Condon said the support and dedication of the volunteers had been overwhelming. "We have been overwhelmed with gestures of support from Mosman people in terms of their time, treasure and talent," she said.

"We are very grateful to them for making the world a better place for the young people in our community."
