

# School Mentee Application Form

I would like to be involved in the School Mentoring Program. I understand that volunteers from the community have been trained in mentoring through TAFE, and will visit me at school once a week for one hour of mentoring in term time. I know the idea of having a mentor is to have a positive role model to talk to who is an adult, but who is not connected to the school or my family in any way. I understand that we will have time to talk about whatever I want to talk about each week, and that we could spend some time identifying and working on my goals. I understand that whatever we talk about is confidential and my mentor will not tell anyone else, unless I tell them that I am (or someone I know is) at risk of harm. I know that all mentors have been screened through normal Working With Children Security Clearances and I can trust them to be someone I can rely on to help me out with things I'm thinking about and working on. I commit to participating in the School Mentoring Program in a positive and responsible manner every week.
